

SYMPTOM SELF-ATTESTATION FOR ON-SITE PERSONNEL AND VISITORS

Since your last day of work, or since your last visit to a University facility, have you experienced any of the following symptoms?

- A new **fever** (100.4 F or higher) or a sense of having a fever?
- A new **cough** that you cannot attribute to another health condition?
- New **shortness of breath** that you cannot attribute to another health condition?
- A new **sore throat** that you cannot attribute to another health condition?
- New **muscle pain** that you cannot attribute to another health condition or that may have been caused by a specific activity, such as physical exercise?
- New **gastrointestinal symptoms**, such as nausea, vomiting or diarrhea that you cannot attribute to another health condition?
- New **respiratory symptoms**, such as a runny nose, that you cannot attribute to another health condition?
- New **chills** that you cannot attribute to another health condition?
- New **loss of taste or smell** that you cannot attribute to another health condition?
- New **headache** that you cannot attribute to another health condition or emotional reason?

I, _____, attest that prior to coming in to work on today's date that I do not have any of the above symptoms.

- I read the above statement.
- I attest that I do not have any of the above symptoms.

Date

If you are sick or have one or more of the above symptoms:

- **You must stay home or leave the UW facility at which you are working.**
- **Follow your department's procedure for calling out sick or requesting to work from home.**
- **Contact your health care provider for medical guidance.**
- **Follow the guidance on the FAQ section of [What do I do if I feel sick?](#) at the UW's [Novel coronavirus & COVID-19 facts & resources](#) webpage.**

If you received positive test results for a COVID-19 infection within the past 14 days, stay home and follow the guidance in the [FAQ "What do I do if I have confirmed or suspected COVID-19?"](#) at <https://www.washington.edu/coronavirus/faq/>.

If within the past 14 days you were in close contact with a person who has a COVID-19 infection, stay home and follow the guidance in the [FAQ "I have been in close contact with a person who has COVID-19. What should I do?"](#) at <https://www.washington.edu/coronavirus/faq/>.

Close contact includes being within approximately 6 feet of a person with confirmed COVID-19 for more than a few minutes, living with a person who has COVID-19 or having direct contact with infectious secretions of a COVID-19 case (e.g., being coughed on, kissing, sharing utensils).
